

# The 5<sup>th</sup> BOWEI RESEARCH CONFERENCE

第五屆李謀偉科學論壇

## JANUARY 3-5, 2025

Sun Moon Lake Teachers' Hostel, Yuchi, TAIWAN (日月潭教師會館)

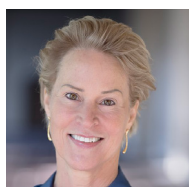

## The Magic of Chemistry

### Frontiers in Chemical Biology – The Chemistry of Life

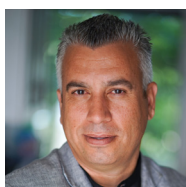

The **Bowei Research Conference (BRC)** series was created by the LCY Education Foundation. The fifth BRC will include plenary lectures, short lectures, poster sessions, and social events. The three-day event will occur in Central Taiwan on January 3-5, 2025, in an informal environment. The scientific program, which will focus on frontiers in chemical biology, was prepared by the Scientific Advisory Board. Attendance, by invitation only, is limited to 120 participants.

**LCY Education Foundation**, the event's sponsor, was founded by entrepreneur Bowei Lee, a chemical engineering graduate from MIT with an MBA from Stanford University and the chairman of LCY Group, headquartered in Taiwan. The Foundation aims to empower young talents and upgrade chemical academic research for the chemical industry. In addition to the BRC series, the Foundation has developed several programs, such as the Student Scholarship Award and the Young Professors of Excellence Award.

## SPEAKERS

**Frances Arnold**  
CalTech  
USA

**Ashraf Brik**  
Technion  
ISRAEL

**Thomas Carell**  
University of Munich  
GERMANY

**Aaron Ciechanover**  
Technion  
ISRAEL

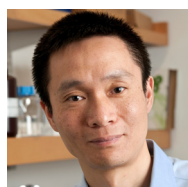

**Ben Cravatt**  
TSRI, California  
USA

**Ben G. Davis**  
University of Oxford  
UK

**Annette Beck-Sickinger**  
University of Leipzig  
GERMANY

**Chuan He**  
University of Chicago  
USA

**Laura Kiessling**  
MIT  
USA

**Peter Seeberger**  
MPI, Potsdam  
GERMANY

**Hiroaki Suga**  
University of Tokyo  
JAPAN

#### International Scientific Advisory Board:

**Ehud Keinan** (Chairman), Technion, Israel; **Jacqueline K. Barton**, California Institute of Technology, USA; **Ilan Marek**, Technion, Israel; **Scott Miller**, Yale University, USA; **Eiichi Nakamura**, The University of Tokyo, Japan; **Helma Wennemers**, ETH-Zurich, Switzerland; **Chi-Huey Wong**, The Scripps Research Institute, USA

#### Taiwan Local Scientific Advisory Board:

**Chun-Cheng Lin**, National Tsing Hua University; **Ching-Wen Chiu**, National Taiwan University; **Chao-Min Cheng**, National Tsing Hua University; **Jeng-Shiung Jan**, National Cheng Kung University; **Kevin CW, Wu**, National Taiwan University; **Ling Chao**, National Taiwan University (Liaison to TWICHE); **Chien-Tien Chen**, National Tsing Hua University (Liaison to CSLT, Chemical Society Located in Taipei)
